REPULSIVE FEATURES.

Blackheads, pimples, greasy faces  
and mucky complexions, which are so  
common among women, especially  
girls at a certain age, destroying  
beauty, disfiguring and making repul-  
sive features which would otherwise  
appear attractive and refined, indicate  
that the liver is out of order. An  
occasional dose of Herbine will cleanse  
the bowels, regulate the liver and so  
establish a clear, healthy complexion.

MISS BAGBY'S SUCCESS.

A telegram received this morning  
by Hon. E. W. Bagby stated that his  
daughter, Miss Aline Bagby, who has  
been studying for the stage in New  
York the past winter at the American  
Academy of Dramatic Art, had passed  
a perfect examination. This is quite a  
creditable first year's work for Miss  
Bagby, and gives bright promise for  
her future. The examination play  
was presented in the Carnegie Lyce-  
um hall, in New York, Friday night,  
and the young Paducahan was well  
received in her part. She is now an  
aspirant for the Belasco medal which  
is given the second year at the acad-  
emy for perfect scholarship.

Miss Bagby will come home for her  
vacation next week.

society will be well represented. The  
worthiness of the cause, for which the  
play is given, being for the benefit of  
the local chapter United Daughters of  
the Confederacy, will appeal to the  
public, and the merit of the presen-  
tation itself will make it deserving of  
liberal patronage.

BIT HIM.

IF IT HAD BEEN A BEAR.

Sometimes it is good to be in a posi-  
tion where you can turn around to  
your shelves and take down food that  
is a re-builder and life-saver. A promi-  
nent grocer of Marrysville, Pa., had  
heard so many of his customers praise  
the food Grape-Nuts that he finally  
gave it a trial himself. He says:  
"For several years up to sixteen  
months ago I was hardly fit for busi-  
ness from indigestion, which also  
affected my head. My brain was dull  
and I could hardly keep my books.  
One day I heard one of my custom-  
ers praising the food Grape-Nuts so  
highly that I wondered if it would fit  
my case, so I took a package from the  
shelf and said that I would use it, and  
even if it failed I would not be much  
the loser.  
"But before I had finished that one  
package such a change came over me  
that I thought it wonderful, and by the  
time three packages had been eaten  
I had changed so you would not  
believe it if I told you about it. My  
head grew clear and my mind strong  
and my memory was very much im-  
proved and I was well in every re-  
spect. I can only give you a faint  
idea of all the good the food has done  
me. It is all I eat for supper now-  
days and the rest of my family think  
as much of it as I do. Truly it  
is a great food and if it were not a  
great food it would not have done me  
so much good and have such a tremen-  
dous sale in my store." Name given

The fire department was called to

the people who moved out left some  
straw inside and some boys in playing  
around it set it afire. The blaze was  
extinguished before much damage was  
done.

Theatrical Notes.

The dramatic stock season is going  
on successfully at the Casino and the  
Seward show is adding fresh laurels  
daily. Last night a large audience  
saw and enjoyed "For Her Child's  
Sake," a comedy-drama of more than  
ordinary merit. It was most ably  
portrayed by the company, each one  
having a congenial role which made  
the play doubly interesting. There  
were no waits between acts, in fact  
there is always something "doing" at  
a Seward show, no matter when you  
reach the Casino. Just as soon as the  
curtain drops on goes a specialty to  
keep the interest from lagging. To-  
night the play will be seen for the  
last time. The company announces the  
great play made famous by the cele-  
brated Kendalls, the English stars, in  
their American tours. It has never  
been seen at low prices before and  
such a noted piece as "Still Waters  
Run Deep" at summer prices will  
prove a dramatic event of importance.
